

## Recommended MXIE settings

### 1.) Integrate contacts from Outlook

- File
- Preferences
- Address book
- Check off Microsoft Outlook
- Select apply

### 2.) Launch MXIE at startup

- File
- Preferences
- Application
- Check off Launch at startup
- Select apply

### 3.) Extend the timer for pop up notifications

- File
- Preferences
- Applications
- Under Pop up notifications increase 7 seconds to 20 seconds
- Select apply

### 4.) Play voice mails through the phone rather than the PC speakers

- File
- Preferences
- Messages
- Check off Only play messages through my bound phone
- Select apply
