

# How to transfer a call using intercom

## Step 1

Answer the incoming call and intercom the person you will be transferring to,

a.) Click and hold the name in your buddies list

b.) Drag the name to intercom call

# How to transfer a call using intercom

## Step 2

Announce the call

The screenshot displays the MXIE User interface for 'Autumn'. The window title is 'MXIE User: Autumn'. The menu bar includes 'File', 'Actions', 'Conference', 'View', 'Role', 'Supervisor', and 'Help'. The toolbar contains various icons for 'On the Phone', 'Address Book', 'Voice Mail', 'Call Log', 'Parked Calls', 'Instant Message History', 'Phones', 'Voice Call', 'Intercom Call', 'Instant Message', and 'Send a Fax'. The main workspace shows a call log with two entries: 'My Cell (4133068204)' at 07:37, which is 'On Hold', and 'Todd Warren (116)' at 00:14. The 'Buddies' list on the right includes contacts like Andrew Hogan, Chris Kellogg, and Todd Warren. The ZULTYS logo and the ID '000BEA83D4C4' are visible at the bottom.
